Request for Supervised Phone Interview

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

Applicants request a supervised phone interview prior to the next Office Action to discuss the following points:

1. No response to applicants' arguments;
2. Totally ignored -132 declaration, which clearly set forth that claims require water impervious separation of cells and references teach nothing to transfer water internally if cells are so separated;
3. Will the -112-1 rejection be withdrawn.

Respectfully submitted,

M.P. Williams
